Noisy dog spends a day by the sea barking at anyone he meets. Young's lively illustrations bring the seaside to life, much as Noisy Dog's appearance seems to bring bustle and excitement wherever he goes. This is another in Scholastic's 'Storyboards', the board books for toddlers. It has plenty of colour, movement and character. With the opportunity to 'Woof' along with Noisy Dog, it should not only amuse a parent and child together, but be attractive and memorable enough for a child to return to on their own.
